ALCHEMY

Alchemy was a combination of chemistry and magic. In ancient times and during the Middle Ages, magicians and so-called wise men sometimes worked with chemicals in trying to change one thing into another. They were often interested only in the weird effects. Those who experimented with chemical changes and effects were called alchemists. Alchemists are now considered to be unscientific, but some of their ideas and strange arts of mixing and heating led to the modern science of chemistry.

One of the persistent goals of alchemy was to change the common metals, such as lead and mercury, into noble metals like gold and silver. Another goal was to discover a "philosopher's stone," a material supposed to cure all diseases and make people live longer or forever. Lacking our modern knowledge of the elements and of the structure of atoms, the alchemists tried various mixtures, mainly by trial and error.

THE WHITE-TAILED DEER

The white-tailed deer is the most im-

portant deer in North America. It is called Virginia white-tailed because the first specimen described scientifically was killed in Virginia in 1784.

White-tailed were once found from the Atlantic to the Pacific oceans.

His tail is feather and snowy white. When the deer is startled, his tail stands straight up. The deer's coat is sleek and shiny. It has slender legs and black hoofs. In midsummer his coat is red. When winter comes his coat turns grayish blue.

The largest white-tailed deer live along the Canadian border, where males sometimes weigh more than 275 pounds.

The white-tailed deer bears 1 to 3 young in late spring. The young are covered with white spots. They eat bugs, twigs of wild shrubs, trees such as maple, and willow.

FRIENDSHIP

Friendship is a mighty ship
That weathers many gales,
And leaves a blessing to the world
In every place it sails.
It helps the dreary, cheers the sad,
And drives dark clouds away;
It gives a helping hand to those
Who've fallen by the way.

Friendship is a blessed ship
That's full of peace and love,
And carries sunshine everywhere,

From God's own blessed above.
It makes the world a better place—
Even more like heaven sweet—
And helps to smooth the pathway out
For weary pilgrims' feet.

THE MEXICAN JUMPING BEAN

The jumping bean gets its name because it jumps and rolls from side to side. Its movement is caused by the full grown larva that comes from a certain gypsy moth, which lives inside the bean. When the larva moves the bean jumps.

BOYS! MEN!

MY SECRET NEW DYNAFLEX METHOD

CAN BUILD YOU A MAGNIFICENT NEW HE-MAN-MUSCLED BODY IN JUST TEN MINUTES A DAY—with absolutely NO weights—NO bar-bells—NO EXERCISE AT ALL!

Yes! If the girls LAUGH at you now when you take off your shirt—they'll be breaking down the doors to get dates with you—once they've seen the rugged DYNAFLEX BODY can give you! I'll build you a tough strong massive body—shoulders clad with solid inches of he-man BRAWN. I'll give you bulging biceps, trip-hammer fists, power-packed legs, and a chest that will have you popping the buttons off your shirt with pride! (—says MIKE MARVEL, "Builder of Champion Bodies")

In my classes this same course of instruction would cost \$110.00.

ARE YOU ASHAMED OF YOUR BODY NOW?

Pal—do YOURSELF a favor! Take a good long look in a mirror. Do you see a puny, starved body—scrawny arms—bony shoulders—a flabby stomach and skinny legs? Do girls laugh and fellows grin when you take off your shirt?

BELIEVE IT OR NOT—I can add solid pounds of rippling, steely he-man MEAT to your build. I can take these scrawny arms and PACK EVERY INCH with explosive virile MAN-MUSCLE. I can take that caved-in chest and build on six rugged inches of strong sleek MAN-SIZED BRAWN. I can clothe your skinny frame with GIANT RIPPING DYNAFLEX MUSCLES that will have the girls gasping with awe and admiration! And with NO tiring exercise, NO high-priced bar-bells or gym equipment!

Or is your problem a body sagging with soft rolls of unhealthy, unhandsome FAT? Puny muscles—sagging stomach—bleated face—arms heavy with layers of BLUBBER? Are you ASHAMED to go to the beach and let them see your "FAT-MAN PHYSIQUE"?

If so, wake up, fella! THIS IS IT! I will peel off that fat and give you a lean virile DYNAFLEX BODY, armored with a sheath of hard tough handsome muscle. I can build you into a healthy, streamlined HERCULES—bursting with dynamic manly strength. I'll give you a tall rock-hard midsection—less muscled like coiled steel springs. I can pack solid DYNAMITE into your flaccid and give you a rugged handsome build brim-full of the magnetic Super-Body Appeal which girls admire. And with NO starvation diets NO fatiguing calisthenics! NO expensive health-focds!

HOW DYNAFLEX BUILDS BEAUTIFUL BODIES

DYNAFLEX is the modern miracle of body-building. It takes no tiresome exercises "crash diets, protein foods, and no weights or bar-bells. DYNAFLEX is the amazing discovery of a West German Doctor

whose research into the Science of Strength found a thrilling new way to build GIANT BRAWNY MUSCLES in ten minutes a day. With DYNAFLEX you "flex" each muscle once—in a certain way—that is more effective than if you exercised that muscle 20, 30, even 100 times the old-fashioned way. With DYNAFLEX you get bigger results in ten minutes than after hours of grunting and groaning, heaving heavy weights. DYNAFLEX coaxes each muscle in your body to bring out its round, steely and satiny symmetry. DYNAFLEX packs that muscle with glowing vibrant new strength and energy—FAST, in ten minutes a day I can cover your bony frame with healthy rippling muscle—give you a deep, powerful chest—solid shoulders and iron wrists—tough, slim midsection—and trim, steel-spring, legs—simply thru "DYNAFLEXING" each muscle once a day! There's nothing wrong with the bar-bell and weight-lifting method . . . but why bother? Why waste time and money, your sweat and strain your way to a streamlined symmetrical SAMSON-STRONG BODY—when you can do it better—bigger—faster—with the DYNAFLEX SECRET?

STRONG-MAN APPEAL ATTRACTS GIRLS

Be honest. Down deep you KNOW you envy the boy with the virile, magnificent build. Every man and boy secretly desires a broad brawny back, a solid man-muscled chest, handsome he-man shoulders, arms rippling with tough, steely sinews, a narrow waist, slim hips and springy, power-packed legs. Girls go for a fellow with TWO-FISTED BIG MUSCLE SEX-APPEAL . . . and they only laugh at skinny guys or "fatso's". Let me give you a glowing new body, brimming over with energy and irresistible inches of solid muscle on your chest—he-man appeal. I can build three inches of beef and brawn on your shoulders. I will mold you a handsome super-body of terrific strength, give you a crushing grip, legs strammed with steel springs. A lean but rock-solid punch-proof midsection. Pack your body with energy and thrilling stamina that will have girls falling at your feet.

Mike Marvel System, Dept. 18

GIVE ME TEN MINUTES A DAY —THAT'S ALL!

AFTER DYNAFLEX, you'll be able to roll up your stomach and take off your shirt and, for the first time in your life, you'll be PROUD of your manly build. Yes, pal, say goodbye to your weak, flabby frame—get ready for adventure and romance with a solid physique that glows and vibrates with virile he-man appeal. You'll be really proud to have people see your MAGNIFICENT HE-MAN-MUSCLES at the beach or gym. And when the girls crowd around to admire your iron biceps and your bulging brawny chest—when they ask in amazement how you did it—tell them about the magic secret of DYNAFLEX!

Learn Whenever You Want—Like Having Private Instructors in Your Own Home

This **MADE SIMPLE SELF-TEACHING** set is the only encyclopedia that makes important subjects part of your general knowledge instead of having to look in books to solve every problem. It covers practical, useful subjects in everyday language. It's like having private instructors in your own home. Learn at your own pace. No outside work, nothing else to buy. The books start from the beginning, assume no previous knowledge and lead you quickly and carefully through the entire subject. Prepared by experts for adults working without supervision, they also perfectly supplement classroom texts, which contain confusing technical language.

Beautiful Library Volumes Perfect for Learning, Brush-Up, Permanent Reference

Whether you want to learn for the first time, review subjects you forgot or use for ever-ready reference, you could find no better set or price. These handsome 7 1/4 x 10 1/2 inch, 24-carat gold imprinted, matched library volumes are not di-

gests or outlines. Every point is made absolutely clear by illustrations and simple step-by-step explanations, using everyday situations. No half-answers to confuse you, no cross-references to make you use several books to get information. All the books teach you naturally, without memorizing long lists of rules.

Complete Explanations, Simple Illustrations Make Every Point Clear—No Previous Knowledge of the Subject Required

Here's how complicated subjects are **MADE SIMPLE.** You are shown this simple home experiment, which costs nothing. Hold one edge of a letter paper against your chin, just below lower lip, with the paper hanging over and down. Blow above the paper and it will rise as if pulled up in the air stream. This

simple principle makes airplanes fly and teaches us to make moving objects move quickly and easily. Other books give you Bernoulli's Law, molecular action and other confusing terms. By the time you got to the experiment, if there was one, you wouldn't understand it. Here you read a simple explanation, do the experiment and then learn the technical terms, so you learn naturally, by doing, without memorizing anything. This has worked for many people who thought they were more hopeless than you may think you are.

You would pay many times the price for much less beautiful and useful encyclopedias. But these books, with simple military and civil service tests, hundreds of illustrations, hundreds of safe, easy home experiments, thousands of pages of clear, concise, valuable instruction and self-tests with answers in the back, will be USED, ENJOYED and ADMIRABLE by all your family and friends.
